

The first ever

Microsoft Power Platform CONFERENCE

Power BI

Power Apps

Power Automate

Power Virtual Agents

Power Pages

Sept 18-23 | Workshops 18, 19, 23 | Orlando, Florida | #MPPC22

emPOWER your organization

Experience the first annual Power Platform conference, designed to empower everyone to **achieve more in the modern workplace** with Power Platform.

MPPC will be featuring the best Power Platform thought leaders from Microsoft, our partners, community experts and customers from around the world. Attendees will have the opportunity to gain deep insights through **educational sessions, hands-on workshops, community networking and more.**

A worthwhile investment

Whether you're a business leader, IT pro, developer or consultant, you'll come away with the knowledge and skills you need to digitally transform your organization.

Here's what you'll get by attending:

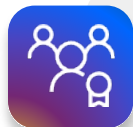

Staying up-to-date with the tech you use every day is critical for operational success. At the conference, you'll get access to the latest **updates for Power Platform - and learn directly from the Microsoft engineers who developed them.**

Understanding what other companies are planning and how they're using current tech can give your organization a competitive edge. By networking with Power Platform's active community of tech professionals, attendees can **discover new ideas and solutions.**

Professional development is key to accelerating transformation within an organization. Through engaging **hands-on workshops, participants will be able to develop the skills they need to level-up in the workplace.**

Real-world experiences are the foundation of a great strategy. Attendees will be able to learn from both thought leaders and practitioners alike, share stories, and gain **tips, tricks and best practices that will save your company time and money.**
